

ATTENTION Parents and Guardians!

You Are Invited to **Restorative Justice Training**

**Saturday, February 10, 2018
8:30 to 11:00 a.m.**

(Available at all 12 Saturday School Locations)

What Is Restorative Justice?

Restorative Justice is a social justice platform that allows for students to actively engage in problem-solving around disciplinary issues that affect self and community, take responsibility for their actions, and work with those affected to restore the community and members who were harmed as a result of those actions. **Restorative Justice works to empower the student voice to facilitate student success!**

Why Do Parents and Guardians Need to Be Trained?

Montgomery County Public Schools appreciates the value of prioritizing parent collaboration! Actively engaged parents and guardians who understand the Restorative Justice initiative will help to increase the positive effects it can have on individual students and the student population as a whole.

Therefore, parents and guardians are invited to attend a special George B. Thomas Learning Academy Saturday School Session to learn more about the implementation of Restorative Justice at your student's school and how parents and guardians can help!

The Saturday School Session includes:

- ★ **Free Breakfast for Students**
- ★ **A Restorative Justice Information Session**
- ★ **Tips for practicing Restorative Justice at Home and School**
- ★ **The Opportunity to Learn about and Participate in a Community Circle**

Register online at www.SaturdaySchool.org – **it's free**, but seating is limited!

We look forward to seeing you there!
